The **Pradhan Mantri Awas Yojana (Urban)** [PMAY(U)] is a flagship housing scheme launched by the **Government of India** on **25th June 2015**. It aims to provide **"Housing for All"** in **urban areas** by ensuring every eligible urban household has access to a **pucca (permanent) house**.

Objectives of PMAY(U)

- Housing for All:** Provide **affordable pucca houses** to all eligible urban families by extending central assistance.
- Support Urban Poor:** Specifically target the **Economically Weaker Section (EWS)**, **Low-Income Groups (LIG)**, and **Middle-Income Groups (MIG)**.

Scope of the Scheme

- Covers **all urban areas** across India, including **Statutory Towns, Census Towns, and Notified Planning Areas**.
- Targets a **validated demand of approximately 1.12 crore houses** nationwide.
- Central assistance is provided to **States/UTs** and **Central Nodal Agencies (CNAs)** such as NHB, HUDCO, and SBI.

Four Implementation Components of PMAY(U)

- In-situ Slum Redevelopment (ISSR)**
 - Uses slum land as a resource.

- ₹1 lakh Central Assistance per house for slum dwellers.
- Encourages **private participation** in redevelopment.

2. Credit Linked Subsidy Scheme (CLSS)

- Provides **interest subsidy** up to ₹2.67 lakh per house.
- Beneficiaries from EWS, LIG, MIG-I, and MIG-II can avail home loans through banks and housing finance companies.

3. Affordable Housing in Partnership (AHP)

- ₹1.5 lakh Central Assistance per EWS house.
- Requires **at least 35% EWS units** in a project with **minimum 250 units**.

4. Beneficiary-led Construction/Enhancement (BLC)

- ₹1.5 lakh Central Assistance for **eligible EWS families** to construct or enhance their own house.
- For enhancement, the existing house should be less than 21 sq. meters.

5. What is In-Situ Slum Redevelopment?

❏ What is In-Situ Slum Redevelopment (ISSR) under PMAY(U)?

In-Situ Slum Redevelopment (ISSR) is one of the four key verticals of the **Pradhan Mantri Awas Yojana – Urban (PMAY-U)**. It aims to improve the living conditions of **slum dwellers** by **redeveloping the existing slum land** into livable housing colonies.

❏ Key Features of ISSR:

1. Use of Land as a Resource

- Slum land is used for redevelopment, reducing the need for additional land.
- Public-private partnerships are encouraged to execute these projects.

2. Central Assistance

- The **Government of India** provides **₹1 lakh per house** as **Central Assistance**.
- This amount is given for houses constructed for **eligible slum dwellers**.

3. Private Developer Participation

- Developers are incentivized to build housing by getting access to valuable inner-city land for free or subsidized cost.
- In return, they construct and hand over houses for slum dwellers.

4. Ownership & Tenure Security

- Slum dwellers receive **ownership titles or occupancy rights**, improving social and economic security.

5. De-notification of Slums

- After redevelopment, the area is **de-notified as a slum** by the State/UT government.

❏ Objectives of ISSR

- Replace unsafe, unhygienic slums with safe and livable pucca houses.
- Integrate slum areas into the formal city structure.
- Provide infrastructure (water, electricity, sewage) and improve quality of life.

❏❏❏ Who Can Benefit

- Only **eligible slum dwellers** (those meeting income, residency, and ownership criteria).
- Priority is given to **EWS families** and **vulnerable groups**.

6. What is Credit Linked Subsidy Scheme (CLSS)?

❏ What is Credit Linked Subsidy Scheme (CLSS) under PMAY(U)?

The **Credit Linked Subsidy Scheme (CLSS)** is a major component of the **Pradhan Mantri Awas Yojana – Urban (PMAY-U)**. It provides an **interest subsidy** on **home loans** taken by **eligible beneficiaries** for purchasing, constructing, or enhancing a house.

Key Features of CLSS:

Category	Annual Household Income	Max Loan Amount for Subsidy	Interest Subsidy Rate	Max Carpet Area
EWS	Up to ₹3 lakh	₹6 lakh	6.5%	30 sq. meters
LIG	₹3–6 lakh	₹6 lakh	6.5%	60 sq. meters
MIG-I	₹6–12 lakh	₹9 lakh	4%	160 sq. meters
MIG-II	₹12–18 lakh	₹12 lakh	3%	200 sq. meters

Note: Loan amounts **above** the subsidy limit will not get subsidy but can still be taken at normal interest rates.

Eligible Activities

Subsidy is applicable on loans taken for:

- **Buying a new house**
- **Constructing** a house
- **Enhancing/extending** an existing pucca house (e.g., adding a room, kitchen, toilet)

How CLSS Benefits You

- The subsidy is **credited upfront** to your loan account.
- This **reduces your loan principal**, so your **EMIs are lower**.
- Example: If you take a ₹6 lakh loan and qualify for ₹2.2 lakh subsidy, your EMI is calculated on **₹3.8 lakh** only.

Who Disburses the Subsidy?

The subsidy is channeled through:

- **Central Nodal Agencies (CNAs):**
 - **NHB** (National Housing Bank)
 - **HUDCO** (Housing and Urban Development Corporation)
 - **SBI** (State Bank of India)

These CNAs release the subsidy to your **Primary Lending Institution (PLI)**, such as banks or housing finance companies, who credit it to your account.

CLSS Eligibility Conditions

- The family (husband, wife, unmarried children) **must not own a pucca house** anywhere in India.
- The property should be in an **urban area**.
- **Aadhaar number is mandatory**.
- Only one subsidy per family is allowed.

11. What are the income limits for PMAY?

The **income limits** for PMAY (Pradhan Mantri Awas Yojana) help determine your **eligibility category** and the type of **benefits/subsidy** you can receive – especially under the **Credit Linked Subsidy Scheme (CLSS)** in **PMAY–Urban (PMAY-U)**.

📌 Income Limits for PMAY-U Categories

Category	Annual Household Income	Eligible for CLSS Subsidy	Eligible for BLC/AHP/ISSR
EWS (Economically Weaker Section)	Up to ₹3 lakh	✅ Yes (max ₹6 lakh loan, 6.5% subsidy)	✅ Yes
LIG (Low Income Group)	₹3 lakh – ₹6 lakh	✅ Yes (max ₹6 lakh loan, 6.5% subsidy)	✅ No
MIG-I (Middle Income Group I)	₹6 lakh – ₹12 lakh	✅ Yes (max ₹9 lakh loan, 4% subsidy)	✅ No
MIG-II (Middle Income Group II)	₹12 lakh – ₹18 lakh	✅ Yes (max ₹12 lakh loan, 3% subsidy)	✅ No

📌 *EWS category beneficiaries are eligible for all four PMAY-U verticals (CLSS, BLC, AHP, ISSR). LIG/MIG categories are only eligible for CLSS.*

📌 How Income is Verified

Applicants need to submit **income proof documents**, such as:

- Income certificate issued by local authority
- Salary slips or Form 16 (for salaried individuals)
- ITRs (for self-employed individuals)

⚠️ Notes:

- **State/UT governments** may redefine these income limits slightly based on local conditions, with approval from the Ministry of Housing and Urban Affairs.
- The **entire household income** (husband + wife + unmarried working children) is considered for category classification.

12. How does the PMAY loan process work?

Here's a clear, step-by-step explanation of **how the PMAY loan process works**, especially under the **Credit Linked Subsidy Scheme (CLSS)** — the main vertical of **Pradhan Mantri Awas Yojana – Urban (PMAY-U)** that involves loans.

📌 How the PMAY Loan Process Works (CLSS)

📌 1. Check Eligibility

- Confirm that:
 - Your **household income** falls in the EWS, LIG, MIG-I, or MIG-II category.
 - You **do not own a pucca house** anywhere in India.
 - You haven't availed benefits from any other govt. housing scheme.
 - You have a **valid Aadhaar number**.
-

📌 2. Apply for a Home Loan from a PMAY-Approved Lender

- Choose any **Primary Lending Institution (PLI)**: These include:
 - Scheduled Commercial Banks
 - Housing Finance Companies
 - Regional Rural Banks
 - Cooperative Banks 📌 See full bank list: [PMAY PLI List \(PDF\)](#)
 - Submit documents:
 - Aadhaar card
 - Income proof
 - Property documents
 - PAN card, passport-size photos
 - Property cost estimate or builder agreement
-

📌 3. Loan Approval and CLSS Application

- After your loan is sanctioned, the bank checks if you're eligible for the **CLSS subsidy**.
 - If yes, they forward your details to a **Central Nodal Agency (CNA)**:
 - **NHB (National Housing Bank)**
 - **HUDCO**
 - **SBI**
-

📌 4. Subsidy Disbursement

- The CNA verifies and approves the subsidy request.
- The approved **subsidy amount (up to ₹2.67 lakh)** is **transferred to your bank**.
- The bank **credits this subsidy directly to your loan account**, reducing your **principal loan amount**.

📌 Example: If you took a ₹6 lakh loan and get a ₹2.2 lakh subsidy, your new loan balance becomes ₹3.8 lakh. You'll now pay EMI on ₹3.8 lakh.

📌 5. EMI Begins

- You start repaying the loan through monthly EMIs on the **reduced principal amount**.
-

📌 Important Notes:

- Subsidy is a **one-time benefit**; you can't avail it twice.
 - Subsidy is only available for loans used to **buy, build, or extend a pucca house**.
 - You can choose **loan tenures up to 20 years** (subsidy applies for 20 years only, even if tenure is more).
 - Subsidy benefit is **upfront**—you don't need to claim it later separately.
-

☒ Required Documents for the Loan:

- Aadhaar card (mandatory)
- PAN card
- Income proof (salary slip, ITR, bank statement)
- Property agreement / builder documents
- Passport-sized photographs
- Bank account details (preferably Aadhaar linked)

◻ PMAY-U Income-Based Eligibility Criteria

Category	Annual Household Income	Eligible Vertical(s)	Subsidy Type	Max Loan Eligible for Subsidy	Interest Subsidy	Max Carpet Area

- **Aadhaar is mandatory** for all family members.

◻ What is Affordable Housing in Partnership (AHP)?

◻ Key Features of AHP:

1. Central Assistance:

- The Government of India provides **₹1.5 lakh per EWS house** as **direct assistance** to the project.
- This support is routed through State/UT governments.

2. Minimum EWS Quota:

2. Minimum EWS Quota:

- At least **35% of the total houses** in the project **must be reserved for EWS families**.

3. Project Size:

- The project should typically include **at least 250 dwelling units** (State/UTs may modify this as per local conditions).

4. Public-Private Partnership (PPP):

- Housing projects may be developed by **public agencies, private developers, or joint ventures**.
- The land may belong to the government, private sector, or be jointly owned.

5. Inclusion of Infrastructure:

- AHP projects must include **basic civic infrastructure** such as water supply, sanitation, electricity, and road access.

📌 Objectives of AHP:

- Increase **availability of affordable houses** for urban poor.
- Encourage **private investment** in the affordable housing sector.
- Ensure **integration of EWS housing** into mainstream city planning.

📌 Who is Eligible?

- Families belonging to the **EWS category** (annual income up to ₹3 lakh).
- Beneficiaries must **not own a pucca house** in India.
- Priority given to **female ownership**, SC/ST/OBC, minorities, and other disadvantaged groups.
